WHY PROWORX?

More than a detail — a standard of excellence. With 12+ years of experience serving the Charlotte metro, ProWorx Mobile Detailing brings professional-grade equipment, premium products, and certified expertise directly to you.

GYEON CERTIFIED

Authorized GYEON ceramic coating installer — Q² One EVO, Pure EVO & Flash EVO with manufacturer-backed warranties up to 10 years.

IGL CERTIFIED

Trained in IGL Coatings' professional application methods for additional coating options and surface protection.

FULLY MOBILE

Self-contained mobile setup with our own water, power, and professional-grade equipment. We come to you.

5.0 STARS · 50+ REVIEWS

Perfect 5-star rating on Google. Every detail backed by our commitment to customer satisfaction.

How It Works: Browse our services, then call, text, or book online. We confirm your appointment, arrive fully equipped, and deliver showroom-quality results — right in your driveway. Paint correction & ceramic coating require studio drop-off for optimal curing and lighting.

VEHICLE SIZE GUIDE

Pricing varies by vehicle size. Use this guide to find your category:

CATEGORY	EXAMPLES
Sedan / Coupe	**Camry, Civic, BMW 3-Series, Tesla Model 3, Supra, Corvette**
Small SUV / Small Truck	**RAV4, CR-V, Ranger, Wrangler 2-door, Tesla Model Y**
Large SUV / Off-Road Truck	**Tahoe, Suburban, Escalade, F-150, RAM 1500, Wrangler 4-door**
Van	**Odyssey, Sprinter, Transit, Pacifica, Sienna**

How Tiers Work: Each service category has **Standard**, **Premium**, and **Elite Ceramic** options. Standard covers the essentials. Premium bundles popular add-ons at 10% off. Elite includes ceramic upgrades with all add-ons at 15% off — maximum protection at the best bundled value.

INSIDE & OUT PACKAGES

A full-vehicle detail combining interior and exterior services. Four tiers from essential to ceramic-enhanced, all with mobile service at your location.

PAINT CORRECTION SERVICES

Multi-stage machine polishing to remove swirl marks, scratches, water spots, and oxidation. Restores your paint to a flawless, mirror-like finish. All packages include full paint decontamination, clay bar, iron & tar removal, IPA wipe-down, and panel-by-panel inspection.

1-STEP ENHANCEMENT POLISH

~60–70% Defect Removal

Removes light swirls and minor imperfections. Restores depth and gloss for vehicles in good condition needing a refresh.

Ideal for: Daily drivers with light swirl marks

Compact 2-Door	**$550**
Midsize Sedan	**$700**
SUV / Truck	**$900**

2-STEP PAINT CORRECTION

~85–95% Defect Removal

Compounding to remove deeper scratches and heavy swirls, followed by fine polishing for a mirror-like finish.

Ideal for: Vehicles with moderate paint damage

Compact 2-Door	**$1,000**
Midsize Sedan	**$1,200**
SUV / Truck	**$1,400**

MULTI-STAGE CORRECTION

~95–99% Defect Removal

Multiple cutting and polishing stages. Transforms neglected paint to showroom perfection.

Ideal for: Severely damaged or neglected paint

Compact 2-Door	**$1,700**
Midsize Sedan	**$2,000**
SUV / Truck	**$2,400**

What's Included: Full paint decontamination & clay bar · Iron & tar removal · Machine polish with Rupes tools · Paint depth measurements · IPA wipe-down · Panel-by-panel inspection · Before & after documentation. Drop-off required for all paint correction services.

💡 **Pro Tip:** Paint correction before ceramic coating ensures the best results. Ceramic coating locks in whatever the paint looks like — so correcting first means you're protecting a flawless finish. Ask about combo pricing for paint correction + ceramic coating.

CERAMIC COATING PACKAGES

Professional-grade GYEON ceramic coatings applied by a certified installer. Each includes prep wash, decontamination, and light prep polish. Base prices shown — varies by vehicle size.

Membership Benefits: Lock in pricing · Priority scheduling · Consistent care · Cancel anytime · Subscribe online or by phone. Armor members save 10% on add-ons; Ceramic members save 15%.

AFTERCARE GUIDE

Protect your investment between visits:

AFTER A STANDARD DETAIL

- Avoid washing for 24-48 hours to let products cure
- Use pH-neutral car shampoo for maintenance washes
- Avoid automatic car washes (brushes cause swirls)
- Park in shade to preserve wax/sealant
- Clean bird droppings & tree sap immediately
- Dry with microfiber towels, not chamois

AFTER CERAMIC COATING

- Do NOT wash or get wet for 48-72 hours
- No wax or sealant — they interfere with the coating
- Use only ceramic-safe, pH-neutral shampoo
- Hand wash or touchless wash only — no brushes
- Bird droppings, sap, bugs: remove within 24 hrs
- Annual inspection included — we check coating condition
